Greece

Dear Nikos,

JIG would like to thank OFC for its continued support to JIG and the Standards.

OFC has consistently shown a dedication and commitment to the Standards throughout operations and continues to champion JIG's efforts in improving and maintaining an exceptional level of safety within the aviation fuel industry.

OFC's enthusiasm and operational culture represents best practise, and for this reason, JIG was delighted to offer OFC a special award during a members' dinner in Abu Dhabi – April 2018, in recognition of its efforts.

We are indeed proud to have OFC as a member of JIG and we thank you for your support.

With best wishes,

Antonis Christodoulakis  
JIG Technical Manager
